KHMER ARCHITECTURE TOURS

How to use the map:
The line suggests a possible route
which takes in incidental sights on
the way. If you walk the whole route,
it may take 2-3 hours. Cycling or
traveling by *cyclo* will be quicker.

Some buildings are 'attention grab-
bers'; others are more subtle. If it
doesn't grab you, move on! If you
ponder over each building, you may
be out all day... Some sites on the map
are not on the line; if the description
appeals, take a detour.

Most buildings are not open to the
public, so please respect the privacy
of occupants. NB Please be aware of
one-way streets, which can be
introduced at short notice.

Where to start:
The walk can be done in any
order, or in sections. If you wish,
you can start the tour on Street
178 behind the National
Museum and end it at the
riverfront on Sisowath Quay near
Kandal Market (Phsah Kandal),
on the way taking in the Central
Market (Phsah Thmei).

Information on buildings:
With a few exceptions, very
little information on
most buildings is
available; where
possible we have
included the name
of the architect and
the period. We are
grateful for
information on dates
provided by the
Municipality of
Phnom Penh. As we
unearth more details,
we will update the
maps.

Other maps planned:

- 2 North Central Phnom Penh
Predominantly Colonial buildings.
- 3 South Central Phnom Penh
Focus on modern villas.
- 4 1960s Masterplanning
Three separate districts containing
masterpieces of 1960s planning
and architecture: the University
strip, Bassac and the National
Theatre, and the National Sports
Complex.
